Excursion from German agriculture students

Dear Ladies and Gentlemen from AHA PR Agency s.r.o.,
Dear Mr. Pavel Horak,

For the possibility to visit the agricultural farm in Vodochody and the performance test station for bulls in Cunkov and your translation service on Thursday the 30th and Friday the 31st of October 2008 we would like to give you and your colleague a big thank to you on this way.

Both farms were very different in the way they work. To hear and see the work of both businesses within the Czech agriculture is important for our students. So they get an all over view of European agriculture and raise the understanding of being part on that. We are indepted to you making a big contribution to that!

Now we just have to wish you all the best for the beginning Christmas time in Praha. We hope you all will have a very fine and calmly Christmas celebration and a good New Years Eve!
For the year 2009 we all wish the best for you all and much success for your work with the AHA PR Agency s.r.o.

In the name of all students we send you warmest greetings and say thanks again!

Mr. Prof. Dr. Martin Wähner
Mr. Dr. Heiko Scholz
